CLUB MAYZ
'THE GIFT OF SURRENDER'

NEW VINYL LP
+ RELEASE SHOW

The third studio album from the Ghent-based Club Mayz is set for vinyl release in late February 2019 on Wool-E Discs.

The Gift of Surrender is a synth-wave record that's rooted firmly in the 80s yet glowers with its own moody, melancholic character. A dreamy trace of hope lends the LP the depth of character of a film soundtrack.

- The release show was held March at In De Ruimte, Ghent, Belgium.
- In June a art exhibition will follow at barbe-urbain gallery.

FOLLOW-UP TO 'TRISTIQUE'

Last winter, Club Mayz released a digital EP, *Tristique*, on the Berlin label Lemon Test. The four tracks made it to Beatport's indie dance staff pick list. Les Yeux Orange described it as "a meandering, effervescent ride that builds in atmosphere".

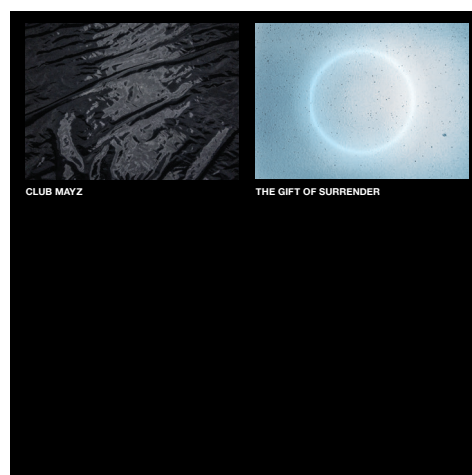

While the previous release had a synth-pop feel, *The Gift of Surrender* feels more like a lost tape, a minimal synth and darkwave voyage.

CLUB MAYZ

Club Mayz is the DJ and producer alias of Belgian interdisciplinary artist Matthias Yzebaert. (Still not living in Berlin), 'Mayz' works out of his home studio in Ledeborg, Ghent.

Released by Wool-E Discs, distributed by Bordello A Parigi.
